

WHAT'S TO DO?

In addition to an electronic version you normally have to hand in **5 printed copies** of your thesis.

Further copies may have to be submitted to your faculty if stipulated in the relevant regulations for doctoral candidates (Promotionsordnung).

You have to fill in and sign the **„Statutory Declaration“** and pass it to the library in printed form.

After uploading your thesis we will send you a temporary link by e-mail. You will be asked to carefully check both the metadata and the documents and to give notice of any necessary corrections.

Finally we will send a **confirmation form** to you and your faculty by e-mail.
